5kVA Kodak UPS with 10kWh Lithium Battery

5kVA Kodak Inverter & 10kWh Lithium Battery

This package includes

- 5kVA Kodak OG King Inverter
- 10.2kWh Revov Lithium Battery
- Power Server & Battery Cabinet
- Pre-built Sub-DB
- Cables, Fuses & Parts

- 2 hours backup for a 4.5kW load
- 4 hours backup for a 2kW load

System: R 69 990 ex. VAT

Installation: R 2 500 ex. VAT

10kVA Kodak UPS with 20kWh Lithium Battery

10kVA Kodak Inverters & 20kWh Lithium Battery

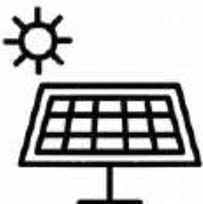

This package includes:

- 2x 5kVA Kodak OG King Inverters
- 2x 10.2kWh Revov Lithium Batteries
- Power Server & Battery Cabinet
- Pre-configured Sub-DB
- Cables, Fuses & Parts

- 2 hours backup for a 10kW load
- 4 Hours backup for a 5kW load

System: R 119 990 ex. VAT

Installation: R 3 500 ex. VAT

Add 2kW Solar (6x Panels) R 22 000 ex. VAT

Add 4kW Solar (12x Panels) R 42 000 ex. VAT

15kVA Kodak UPS with 30kWh Lithium Battery

15kVA Kodak Inverters & 30kWh Lithium Battery

Three-Phase solution

This package includes

- 3x 5kVA Kodak OG King Inverters
 - 3x 10.2kWh Revov Lithium Battery
 - 2x Power Server & Battery Cabinet
 - Pre-built Sub-DB
 - Cables, Fuses & Parts
-
- 2 hours backup for a 15kW load
 - 5 hours backup for a 2kW load

System: R 169 990 ex. VAT

Installation: R 8 500 ex. VAT

THE BLUE SUN POWER SERVER

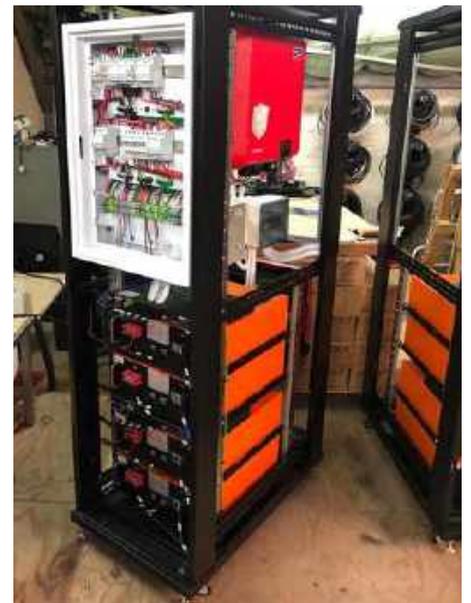

Compact. Innovative. Robust.

Our engineered response to power concerns in South Africa. This innovative solution is designed for capacity, independence and efficient installations.

- Pre-Configured, Assembled & Tested Off-Site
- Reduced Installation Times
- Neat, simple and compact installations
- Enclosed with Black Steel Panels & Lockable Smoked Glass Door
- Built-In Server Fans to maintain ambient temperature
- Available in 3 sizes, according to installation requirements:
 - 900x1000x600mm
 - 1400x1000x600mm
 - 2000x1000x600mm

Pre-assembled Solutions from our Factory:

Blue Sun Energy Solutions

Blue Sun Energy Solutions creates Capacity, Efficiency and Independence.

With 10 years in the Solar industry and 1000s of kW installed, we harness the best of our experience to deliver quality, long-term energy solutions.

Based in Cape Town, we provide sustainable, purpose-built solutions to meet the needs of a growing energy market.

Our Solutions:

- Solar PV: Grid-Tie & Off-Grid
- Solar Hot Water
- Metering
- Micro-Grids

Our Services:

- Turkey Installations
- Project Management
- System Design and Engineering
- Energy Consulting
- Service Contracts

Please Note:

- Prices are exclusive of VAT. Prices are subject to change without prior notice and are subject to stock availability
- Lead time on all projects is 2-4 weeks from date of deposit
- Performance parameters are mathematically derived and will vary according to site conditions
- Installation costs are within 100km of Cape Town. Installation costs are subject to Site Inspection. Installation costs include AC Electrical works
